## ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

Number of children transported .....	46
Total cost of transportation .....	\$ 1211.22
State rebate to town .....	661.43
Net cost of transportation .....	\$ 549.79

	Number of children enrolled	Percent of attendance
Attendance at grammar school	32	90
Attendance at primary school	33	95
Attendance at Center school....	30	97
Attendance at Hanksville school .....	28	92
Total .....	123	Average 93

Sixteen pupils have attended high school in other towns during this year.

Bulletin boards and cupboards have been placed in the C. E. R. school by the school board and teachers and the P. T. A. gave the school a two volume encyclopedia.

We have bought books only when we lacked in number, regardless of the condition of the books used, consequently many of the books are in very poor condition and more books should be purchased another year. The standard tests now used in most schools are based on modern textbooks and pupils not using such books are at a disadvantage

Unless our equipment is kept up to the standard required for Standard and Superior schools we are in danger of losing our school plates.

Respectfully submitted,

DAISIE K. ALGER.

## REPORT OF TOWN TREASURER
